BOSTON. ARCHITECT. BECK, GREG

"Over the years has dazzled the City with his work on such design extravaganza as "Boston 2076" (the temporary architectural facades along Tremont St. during First Night a few years ago) has left Boston to take his wonderfully public creative flair to places like Orlando and Anaheim - but not before finishing this sketch of this proposal for the re-making of Copley Square for the 1992 AIA Convention in Boston. The project goes on, if you'd like to help please call 617-951-1433 Alexandra Lee" BSA CHAPTERLETTER April 1991 p.14
